## Past Projects

### State of Hawaii

#### Department of Labor and Industrial Relations Disability Compensation Division (DCD)

**Project:** Web-Accessible Case Management System with Auditing and Financial Tracking (Phase 1: ECMS Foundation and Notes Migration and Phase 2: DCIS Migration)

**Contract amount:** \$9.6 million

**Accomplishments:** Developed, tested, installed, trained, and documented an integrated, web-accessible, electronic Case Management System that incorporates three major programs: Workers' Compensation (WC), Temporary Disability Insurance (TDI), and Prepaid Health Care (PHC). Currently developing automation for DCD workflows.

### National Kidney Foundation of Hawaii

**Project:** Enterprise COVID-19 Risks Management System (ECvRMS)

**Accomplishments:** Integrated multiple applications and databases to capture and process traveler exemption applications, traveler trip and travel party information, pre-arrival test lab results, post-arrival test registration and lab information, health surveillance, and quarantine enforcement capability.

### State of California

#### California Public Employees' Retirement System (CalPERS)

**Project:** Disaster Recovery Support

**Accomplishments:** Provided Oracle DataGuard support for the implementation of a cloud-based disaster recovery solution.
